

"We run a network of popular and busy stores and rely on the fact that any contractor we use will appreciate the importance of a fast turnaround with quality results. Spacetailors designed our refurbishment programme to fit around our opening hours, and without disruption to our customers"

Grahame Smith, Project Manager, Arcadia

Retail

The changing face of retailing spanning high street chains through to city centre malls and out of town shopping complexes demands an innovative and flexible fit out solution.

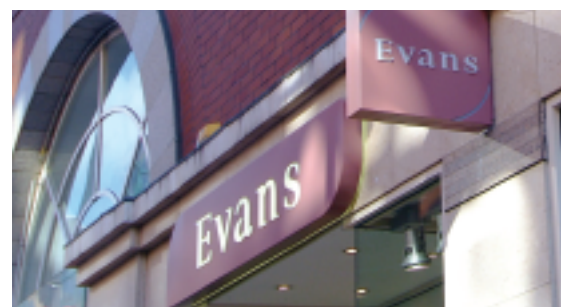

We are equally suited to tailoring the needs of international brands carrying out a roll-out programme or a "high class one off."

Large enough to carry out a multi million pound refurbishment in a matter of weeks and small enough to fulfil a shopfitting assignment, Spacetailors offer the complete contracting service.

We are proud to provide a bespoke solution for each and every one of our clients and will work through the night to deliver on time and avoid disruption to your business. Our record of working with leading architects and clients combined with our highly qualified and expert staff provides a total contracting solution for interiors and exterior facades.

To learn how we can provide you with innovative refurbishment solutions nationwide call us now or visit our website.
